

High school in Israel is not free.

How will she get through school if she can't afford the books?

For most Ethiopian families in Israel, paying for school is impossible.

Is it any wonder the **Ethiopian high school drop-out rate is more than twice the national average?**

Many Ethiopian teens report feeling like outsiders in their own schools.

They are literally left out of educational class activities they cannot afford. YOU CAN HELP.

Sponsor an Ethiopian-Israeli high school student.

Only **\$350** per year can mean the difference between failure and success for a teen at risk. Your support throughout a student's high school career helps ensure his or her graduation.

Lessen the huge burden placed on impoverished immigrant parents.

Prevent the humiliation and educational gaps these teens feel when they can't afford their books and lab fees, and are left out of school trips.

Help break the cycle of poverty by providing high-quality education.

Instead of attending good local schools, many Ethiopian-Israeli teens are sent to lower-level state-subsidized boarding schools that often do not provide an education that enables them to get into college.
